

Linnæan Society,  
Burlington House, London, W.

27 July 1887.

Frederic Watson Esq  
Harvard University,  
Cambridge, Mass:

Dear Sir:

I hasten to  
thank you for the  
kind and prompt manner  
in which you have  
taken Dr. Asa Gray's  
suggestion, by sending  
vol. ii of the Botany of  
California for the Library.  
It has reached us in  
good condition, and is  
now in the binder's hands.

We have not received  
vol. i. and shall therefore  
be further indebted to  
your kindness, if you  
will be good enough  
to send it, as you suggest.  
The formal letter of  
thanks on behalf of the  
Society, will be sent  
after the next meeting  
in November. ~~sent~~

I am, Dear Sir,

Yours faithfully

Allyn Jackson  
Secretary
